PROFILE SUMMARY

Frontend Developer with hands-on experience in building responsive web applications using HTML5,CSS3, JavaScript,React.js and Bootstrap. Strong understanding of frontend development concepts and UI design. Passionate about learning new technologies and improving coding skills. Seeking an entry level role to apply my knowledge and grow as a frontend developer.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+),Python
- **Frontend Technologies:** React.js, HTML5, CSS3.
- **Libraries & Frameworks:** Redux, Context API, Hooks.
- **Design & UI:** CSS Grid, Flexbox, Responsive Web Design, Modern UI Components.
- **Tools & Platforms:** Git, GitHub, VS Code, NPM, SQL Workbench
- **Database:** SQL,MySql

PROJECTS

TODO LIST:

- Developed a dynamic and user-friendly To-Do List application using **React.js** with a modular, component-based architecture.
- Implemented full task management features including add, update, delete, and status tracking with **real-time UI updates**.
- Utilized React hooks such as **useState** to efficiently manage application state and ensure smooth data flow.
- Designed a responsive and intuitive user interface using **Bootstrap and custom CSS** for improved user experience across devices.
- Structured reusable components and optimized rendering to enhance performance, scalability, and maintainability of the application.

MOVIEPAGE:

- Developed a responsive movie web application using **React.js** with component based architecture.
- Displayed movie details such as title, genre, rating, and posters.
- Created reusable components for **better scalability and code reusability**.
- Implemented client-side navigation for smooth page transitions.
- Applied CSS for responsive design, proper alignment, and consistent UI.
- **Tech Stack:** React.js, HTML5, CSS3, JavaScript, Bootstrap

MOBILE WEBSITE:

- Designed and developed a responsive static mobile website using **React JS**.
- Created multiple reusable components including Home, About, Services, Contact, and Sign in pages.
- Displayed mobile product images with relevant details using **structured JSX**.
- Implemented client-side navigation to switch between pages smoothly.
- Applied CSS for consistent styling and proper alignment across all **mobile pages, clean UI design, and component-based architecture**.
- **Tech Stack** – React.js, HTML5, CSS3, JavaScript, Bootstrap

EDUCATION

Bachelor of Electronics and Communication Engineering

2022–2026

University College Of Engineering Kanchipuram,
Kanchipuram.

CGPA: 8.23%

Holy Angel Matric Higher Secondary School

2021–2022

Percentage: 89%

CERTIFICATION

PythonFullStackprogramming
SAWIT.AI Learning program
SQL

Besant Technologies
GUVI[21-09-2024]
Besant Technologies

DECLARATION

I hereby declare that all the information mentioned in my resume is true and correct to my knowledge and I take full responsibility for the accuracy of the particulars mentioned.
